

Shad Canada

2022 Program Handbook

Preamble

The Shad experience is unique. The setting, the activities, the transformational opportunities, and the participants are all special. While the program is demanding, it takes place in a supportive community meant to foster personal growth and learning. Participants must put forth their very best efforts in order to produce the greatest gains from this environment of exploration, collaboration, and innovation.

COMMITMENT

Shad Canada commits to providing an engaging and exciting enrichment experience. It will stimulate creativity and nurture initiative, talent, and civic and social values. A Shad participant commits to full participation in the program, positively contributing to team dynamics and being respectful of others at all times.

Shad Canada has the responsibility to ensure the safety and well-being of all members in the Shad program and therefore seeks to balance the rights of the individuals against the welfare of the larger group.

Participant's behaviour, actions, and communications (both verbal and written) are to be consistent with Shad values at all times.

MISSION AND VALUES

Shad Canada's mission and values provide the program's framework. Actions and decisions are guided by these values; therefore, it is critical that every participant understand and commit to them.

Shad Mission

To ignite youth potential to create lasting impact.

Shad Values

CREATIVITY: We cherish the freedom to explore, create and innovate.

EXCELLENCE: We aspire to excellence in all we do.

COMMUNITY: We are committed to the respect, cooperation, and shared fun that builds a powerful, supportive community, while remaining mindful of the safety and well-being of that community.

DIVERSITY: We value diversity and open discussion.

RESPONSIBILITY: Our behaviour is always governed by respect for others and the highest standards of ethical conduct.

1.0 Participant Code of Conduct

The Shad program is an experience which values and rewards achievement, excellence, effort, innovation, and creativity. Shad Canada institutes a Code of Conduct, policies, and boundaries to ensure that participants and campus team members are safe, and the program objectives are met. As a result, the rules that we have in place are all extremely important, and all participants must follow them.

1.1 Respect for Self and Others

Every participant shall:

- Respect the rights and dignity of all members of the Shad community.
- Demonstrate responsibility, recognizing that words and behaviours are an example to other participants.
- Demonstrate consideration, integrity, due diligence, and good judgement in all interpersonal relationships and interactions.
- Consider the physical and emotional safety of others and support members of the community in their goals and efforts.
- Maintain open and honest communications.
- Be friendly, courteous, and kind, encouraging the participation of others while being sensitive to the different capacities of community members.

1.2 Safety and Security

It is important that participants behave responsibly and do not compromise their own personal safety or endanger the safety of others. The campus team reserves the right to determine what constitutes unsafe practices, and participants are required to follow the instructions of the campus team.

Entering another participant's residence room without permission or disturbing another participant's property is prohibited. Participants must ensure that residence floor doors are firmly closed and locked at all times.

1.3 Drugs and Alcohol

Shad has a zero tolerance on the consumption and/or possession of recreational or illegal drugs and/or alcohol which are both unlawful and strictly forbidden.

1.4 Weapons

Shad has a zero tolerance on participants carrying, or having in their possession or belongings, any weapon as defined in the Criminal Code of Canada. This includes, but is not limited to any firearm, weapon, imitation of a weapon, ammunition, hunting knife, prohibited device or dangerous chemicals including explosives and fireworks.

1.5 Lost, Stolen or Damaged Property

The Shad program is not liable, directly or indirectly, for any loss or theft of personal property, or for damage or destruction of such property.

Participants will be responsible for replacement costs of lost residence keys, meal tickets and damage to residence/university property.

1.6 **Exclusive Relationships**

Close friendships are not discouraged, but exclusive relationships are. Exclusive relationships or overly close or intimate pairings detract from the community, keep others at a distance, and interfere with small group projects and large group activities. As a result, a campus team member may intervene when such behavior comes to their attention.

1.7 **Sexual Impropriety**

Many students develop exceptionally strong and often life-long friendships at the program. At the same time, appropriate boundaries are critical to both the well-being of individuals and the overall climate and supportiveness of the whole community.

Sexual behaviour between participants is prohibited. Actions, discussions, or remarks of an overtly sexual nature are prohibited. Sexually suggestive remarks or behaviour are prohibited.

1.8 **Sexual Harassment/Abuse**

All members of the Shad community have a right to a safe and supportive environment that respects the dignity and self-esteem of all.

Sexual harassment can be regarded as an unwarranted intrusion upon the sexual dignity of a person, and it can include jokes, innuendos, insults, sexist remarks, derogatory or pornographic pictures, leering, touching, or kissing. It is any conduct, comment, gesture or contact of a sexual nature, whether on a one-time basis or in a series of incidents, that could cause offense, embarrassment, or humiliation, or that could be perceived by the individual as placing a condition of a sexual nature on their acceptance, involvement or inclusion. Sexual harassment may be directed at members of the same, or the opposite sex.

Behaviour which constitutes sexual harassment or abuse is neither condoned nor tolerated.

Any participant who has or thinks that they have been subjected to sexual harassment or abuse are encouraged to report the incident to a campus team member immediately. Shad Canada commits to responding supportively and taking every report seriously.

If, for whatever reason, a participant is not comfortable reporting an incident to a campus team member, they may contact:

- Any jokes, slurs, remarks, comments, or any other behaviour of a derogatory or oppressive nature relating to another person's religion, creed, race, gender, sexual orientation, colour, ancestry, ethnicity or disability.
- Any abuse of any nature including emotional or psychological abuse, verbal violence and/or social exclusion.
- Vandalism or destruction of property belonging to the host university, Shad, or any other person or entity.
- Hate-motivated comments or behaviour.
- Verbal or written statements that could be construed as threats of violence.

1.10 **Respect for Privacy**

Shad is a close community of a semi-communal nature. Close quarters means that respect for privacy is of extra importance. Participants must always be conscious of the personal space of others and especially of roommates. Special care must be taken in the areas of sleeping, changing of clothes and bathing.

1.11 **Dress Code**

Dress that may be reasonably considered as offensive, sexually evocative, or excessively revealing is prohibited.

To promote greater focus on Shad activities and involvement, use of cell phones will be limited at the discretion of each campus. As a result, expect delays when communicating with participants via phone, text messages or emails. The program team will provide contact information for reaching participants in case of emergency.

1.14 **Social Media**

Participants must be mindful of others when posting on social media. Questionable content, a violation of privacy and/or misuse of Shad Canada's brand will result in disciplinary action.

Once in receipt of this information, Shad Canada will make all reasonable effort to accommodate the needs of the participant.

4.12 **Medical Insurance**

It is essential that participants have full health coverage while attending Shad. Out-of-province medical insurance is important because provincial plans may not cover all situations. It is therefore strongly recommended that participants obtain extra medical insurance if travelling outside of their home province.

It is the responsibility of the parent/legal guardian to pay for all medical appointments and/or devices required as a result of injury incurred at the program.
